DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on September 1, 2005 has been entered.

Allowable Subject Matter

2. Claims 1-33 are allowed.

The following is an examiner's statement of reasons for allowance: As the claims were read and interpreted in light of the specification, the prior art of record fails to specifically disclose a liquid crystal display device and method having a COT structure array substrate having, in particular, the contact portion of the first pixel electrode and the second pixel electrode is directly over the black matrix. Although Munakata (U.S. Patent No. 6,373,540), Ohta et al. (U.S. Patent No. 6,208,399) and Hwang (U.S. Patent No. 6,545,730) teaches a similar LCD device and method with a COT structure array substrate with a first and second pixel electrode and a black matrix, the reference fails to specifically teach the contact portion of the first pixel electrode and the second pixel electrode is directly over the black matrix. As a result, allowance is proper.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to George Y. Wang whose telephone number is 571-272-2304. The examiner can normally be reached on M-F, 8 am - 4:30 pm.
